

NEWS LETTER

NOVEMBER, 2008

OLIMPIA DRAGU GUAYAQUIL, ECUADOR

Dear friends, I want to start with thanking our Lord for the awesome work He is doing here and you for your prayers and support.

This past month has been such a rich time! Right in the beginning of the month we had a holiday so we went with the youth group to the beach for 3 days. A lady from our church owns a house at the beach and she allowed us to stay there.

It was a great time to see our teenagers gathering every morning for a devotional and some of them sharing a short introduction.

One evening Maria, the lady who owns the house where we stayed, told me that her niece Nicole would like to talk to me. Nicole and I went for a walk and she started telling me a little about her life and asked me how can she have God's forgiveness. I just felt that God is offering me this precious gift that He has prepared for a long time. She received Christ as her personal Savior right there. Nicole is only 13 and she has been involved in some serious issues with some gangs but God has a greater plan for her life.

Please keep her in prayer since she does not live in Guayaquil and she will only come for visits.

Last weekend I came back from Lima, Peru where we had a ladies seminar with Ms Jenny Perry. It was far beyond any expectation. God's call to leave the surface and go into the depths with Him was so clear through every single session of Ms Jenny but also confirmed through P. Stan's messages and P. Jon Stambowsky's raps.

Coming home to Guayaquil the first message in Bible College by P. Mike was exactly the same: God's call to leave the superficial and go into the depths by being an advanced disciple.

Thank God for His amazing work and His people for allowing Him to use them this way.

In Christ,

Olimpia
