*November 2008*

**TEAM PERU  
AND TWO VISITORS**

P. Drew and Matt Laflamme stopped by on their way home from Argentina and Chile

Greetings from team Peru,  
We are doing great, enjoying our Lord Jesus Christ and going forward in this great life He has prepared for us knowing that He is in us, with us, and He walks before us. What a life!!!

*Evangelism and School Ministry*

“Can these bones live?” God wants them to, so do we. That is why we go on the streets with the gospel. Also, we continue going to Addes School once a week. The church gave a special offering for buying Bibles for each of the 92 students. We gave them the Bibles last week and they were all very excited. We pray that they “eat” them.

P. Lajos and Jon Stambo teach the 12-18 year old students; Adrienne, Rachel and I teach the little ones.

*Women's Ministry*

Time in the word, fellowship, and enjoying Karen's cookies with the precious ladies in our church; we love it. Adrienne Witt, Rachel Wileczek, and I have moved in a three-room apartment. We pray God will lead us in how to best use this apartment in ministering to the ladies in our church and to each other.

Grace  
and the  
Finished work

*Radio and Bible College*

Pastor Stan is faithfully preaching the word of God and making disciples. Every Sunday from 5 to 6 pm, he gives a 30-minute grace and finished work message, and then gives the listeners opportunity to call for questions or comments.

This Bible college semester has been amazing. Pastor Stan teaches Romans, Jon Stambo Intro to Missions, Pastor Lajos Kerekes Survey of Doctrine; we also watch Pastor Stevens's Revelation class and Pastor Schaller's ABD and Homiletics. We are all very encouraged seeing the great work God has started here.

Keep us in prayer, and check out our website - [www.mgperu.org](http://www.mgperu.org) ☺
