

October 2008 news from
Takoradi, Ghana

Thank you for your continued prayers for our family and the Lord's ministry here in Ghana. During the past six weeks I have been preaching on the life and purpose of the church. God has continued to show me that it is the church that fulfills His joy. In Philippians 2:2 we see that when we, the church, have the same mindset, love, and walk in one accord, it gives joy to God. It is our lives of love and the unity within the body of Christ, which you are a part of, that fulfills the Lord's joy. So once again, thank you for your part in the church here in Takoradi; I truly feel that it brings joy to our heavenly Father and it also encourages us greatly in our daily steps of faith.

Village Outreaches

We continue to visit new villages on our Wednesday outreaches. Many fishing villages along the coast and inland farming communities have been hearing our Grace Hour Radio program. The villagers are excited to meet us when we visit; it gives them a face to connect with the radio voice they hear weekly. Recently we have re-visited the mining area of Tarkwa, the market center of Inchtraban, the village of Esseipon, and went "fishing for men" last week in the fishing village of Shama, complete with it's old castle. These areas are filled with people longing to hear the good news of the grace of God, without the legalism that is so often preached here.

Bible College Dorm Update

We are still looking for a room to accommodate some of the Bible College students, but have yet to locate one that does not need 3 - 4 years rent in advance!!! Pray for open doors and for finances to support this vision.

CHURCH NEWS FROM PASTOR HENRY

Praise God; the new Sekondi Sunday morning services are growing. This is the fifth month since we started our Sunday morning services and God has been very faithful to us. About 6 weeks ago my son Baron talked to an elderly man, Mr. Quayson. After that conversation, Mr. Quayson started coming to church the following week and has been coming ever since. And recently he is not alone. He brings his son and another elderly man. Together they are very excited about our church and the Word of God and are determined to bring all the people they live with in their compound house.

We thank God for the life of one of the members who donated a new pulpit to the church, making it much easier to preach the Word of God. It is a clear demonstration of the work of grace that is going on the hearts of these people. We have about 17 people coming to Church on Sundays. I continue to be really excited about what God is doing here in the lives of people in Sekondi.
