

Peru News, August 2009

P Lajos and Mysheel Kerekes

We have great expectations for the first month of our 2nd year here in Lima, Peru.

We've witnessed our church growth; souls getting saved during outreaches. We've seen men and women are touched and ministered to by the Lord. WE've seen many to start Bible college.

We are expecting God to continue to do wonderful works amongst us. `...I will work a work in your days, a work which you by no means would believe, though one were to declare it to you' (Acts 13, 41).

Besides translating and soul winning, Mysheel teaches guided writing to middle- and high schoolers, while she keeps assisting to elementary teachers this year. I'll also continue to have teaching English as part of my daily schedule.

Independence Day Church Picnic:

147 of us went to this sunny resort of Las Gambusinas for fellowship, worship and the Word of God.

With the enthusiastic youth from the Huandoy area: Please pray for this precious and flourishing work of God.

For more pictures please visit our blog at:
