

# April 2009 News from Lima, Peru

**Juliana Timofte**

Hello everyone,

First of all, thank you so much for your prayers, we really feel prayed for here in Peru, seeing the wonderful things that God is doing in our lives. We may go through fire and water but He always brings us to a wealthy place.

I really appreciate the fact that you are spending your time praying for us and your money to support us. We are trusting God for His work here and are going forward knowing that He has a perfect plan and all things work together for our good.

**We keep on punching the devil**

A group of us went to the conference in Ecuador. We visited the church in Guayaquil and Quito. Also we spent three days in a beautiful little town called Baños, where we rented bikes, scooters, 4-wheelers, did some hiking and went to the hot baths.

Who says that Christian life is boring?

The body of Christ in Ecuador is beautiful and healthy. We had a wonderful fellowship evangelizing and receiving the word of God from various men of God. P. Ray from Carlisle came down with a team.

We had an amazing time with them. Now we are looking forward to the conference in Chile, May 14-18. Please pray for many people to be able to come and we are praying for you to come too. ☺

**Praying for the elders in Guayaquil**

**P. Stan and P. Ray**

**Be all things to all men in order to win them to Christ. Justin and the ice cream boy.**

**Rap at McDonald's**

**Rap at the church**

**If people go to hell, let them go leaping over our bodies...  
(Charles Spurgeon)**

Church services, Bible college, evangelism, raps, youth meetings, visitation... we are enjoying the green pastures that our Shepherd is leading us to. Another semester in our Bible College is coming to an end. It is beautiful to see some great warriors that are not interested in a diploma anymore but have fallen in love with word of God and the vision in reaching the lost. In spite of the distance and the not so comfortable long bus ride, they come evangelizing on Sunday afternoon, Friday, Thursday, and also attend the evening services. They work all week for many hours and in their free time, instead of going home and watching TV, they come to church and Bible college. Please continue to pray for them. We love you and pray for you. God bless you.
